I am a highly responsible and committed person. I know how to work in a team and one of my strengths is oral communication. I have a background in unfinished systems engineering and jobs as a graphic designer that helped me get into the tech industry.

With me you will get, in addition to excellent technical skills, a fullstack developer with back and front knowledge with leadership skills, active listening, a positive attitude, proactivity and a great desire to help and learn from others, and thus strengthen all my skills.

If you are looking for a responsible, enthusiastic professional who wants to demonstrate my maximum potential every day, do not hesitate to contact me.
